

ABSTRACT:

A show case, e.g. for displaying shoes or the like, comprises horizontal shelf plates (2) and tilted shelf
5 plates (4). The tilted shelf plates (4) are pivotably supported and can be tilted upwardly. The pivots (40) and support elements of the tilted shelf plates (4) as well as the guide rails (44) of the horizontal shelf plates (2) are vertically displaceable in side plates (1) of the show case
10 and may be locked in desired positions.
